Dance At Brady School

The dance given by Mr. and Mrs John Graham on the occasion of the marriage of her daughter, Sadie, to Mr. J. A. Gordon took place on Friday evening, January 2.th. The school was packed with the many friends of the young couple. The arrival of the principals started what proved to be a wonderful night. Led by the groom and his bride, the floor was crowded with enthusiastic dancers. Even staid elderly persons found their feet moving to the rhythm of the music, and in one case one who was not supposed to dance took part in no less than 7 dances. This went on till midnight when a sumptious lunch was handed round by many wil-During the interval speeches were delivered by Mr. Arthur C. Rose. who in very appropriate terms cogratulated the happy couple and wished them all joy and prosperity during the voyage through the sea of matrimony. Mr. James McKague supported Mr Rose in a very witty oration. This was responded to by John Graham in appropriate terms. After a step dance by Mr. Fred Scott, Mr. John Graham had a few words to say in honor of the oc-

Dancing was resumed and carried on with a vim until it was thought it was time to again refresh the inner man. During this interval Mr. Geo.

Local Talent Provides Successful Social Evening

The directors of the Chauvin Agricultural Society are to be congratulated upon the successful social evening they provided in the I.O.O.F. Hall last Friday evening. Everybody present statel they had spent a most enjoyable time

Immediately before the social the directors learned that Mr. Tinline, of the Scott Experimental station, who was to have given an address, illustrated by lantern slides, had failed to arrive. This unexpected gap in the program by asking four local men to each give a short address.

Mr. E. A. Pitman, president of the society, acted as chairman, and first called upon Rev.-W. MacKenzie for an address. Rev. MacKenzie greatly interested his hearers by telling in a humorous manner about farming conditions in Nova Scotia. He graphically described his early farming expriences in Nova Scotin, and told of the introduction of better methods and varied crops brought a generally improved economic condition to the

A new record has been established by the Department of Marine and Fisheries in the number of white risheries in the number of white fish eggs collected for hatchery purposes in the Great Lakes and the Lake of the Woods. A total of 464,560,000 eggs were obtained, which exceeds all previous collections in the province of Ontario.

A new deposit of soapstone has been discovered on Trap Lake, a small lake south of Wabigoon Lake, in northwestern Ontario. The quality of the stone has been reported as excellent for various industrial uses, and practical trials are under way. Water transportation is available direct from the deposits to Wabigoon and Dryden, on the main line of the Canadian Pacific Railway.

It is announced by the Canadian Pacific Railway that two free scholarships covering four years' tuition in architecture, chemical, civil, mechanical or electrical en-gineering at McGil University, are offered, subject to competitive examinations, to apprentices and other employees enrolled on the permanent staff of the company and under 21 years of age, and to minor sons of employees.

Canada's fisheries' production during 1923 is estimated to be worth \$40,000,000. At the beginning of the year it was not thought that anything like this mark would be reached, for the Fordney tariff had cut deeply into exports to the United States. But as the year wore on the States. But as the year wore on the demand and prices generally im-proved, thus giving fishermen along the Atlantic coast especially a much better market.

Approximately \$5,000,000 will be spent by the Dominion Coal Company to open up a new mine and colliery at Lingan, Nova Scotia, and construction of a branch line of railway to the new site has already been started. The new colliery will be equipped with every modern device, and a model town will be planned in its vicinity. It will have a capacity of some 2,000 tons daily.

The tenth annual Ski Tournament will be held at Revelstoke, February 5th and 6th, in connection with which ski-joring, tobogganing, snowshoe-ing, skating, etc., will be featured An endeavor is being made to secure the attendance of Uno Hilstrom, Sweden's champion ski-jumper, as well as other famous ski-jumpers from both Canada and the United States

Canada in 1923 produced more coal, lead, cobalt and asbestos than during any other year since mining records have been kept. The output of coal was in the neighborhood of 17,300,000 tons, or 635,000 tons better than the best previous record, and 2,000,000 tons over that in 1922. The output of copper, nickel, cement and asbestos was also much above that for the preceding years. Gold production was down somewhat, but this was due more to a power short-age than anything else.

As a result of efforts on the part of Hon. J. A. There are municipalities wherein some five to ten per cent of the ratepavers come under the Tax Recovery Act. Can any municipality afford to dis-possess ten per cent of its ratepayers, and send them forth to proclaim to the world how they were treated-and can any municipality afford to lose ten per cent of its rate paying citizens:-It cannot.

A further evil attached to these lished claims upon these lands are utterly disregarded and automatically canceled. And this has had the grave effect of keeping money away that would have normally been available to the farmer for mortgages'

Yet another evil. in the complete lack of municipal ownership handling of these confisvated lands, other than that of sale for the nett amount of indebtedness, it is possible for any individual or corporation to step in. and for some insignificant sum, say \$20 to \$200, buy a quarter of land and resell to the occupier or other person on any terms they may devise. This is a straight legal theft duly aauthorized under the provisions (or lack of them) of the provinncial law.

It is an open secret that there is a body of capitalists who seek information as to some of these dirt cheap lands and are prepared to buy the same for a few filthy pieces of silver, and profiteer upon the misfortune of the unhappy and delinquent debtor

The Tax Recovery Act is arbitrary upon the municipality, it is conficcadestroys prior legal claims on the land, and opens up an opportunity for the most pernicious system of legal land-theft and land-profiteering.

Parody On Vive La Compagnie

Composed by the Misses J. & H. Price and sung by quintette at the Ribstone W.I. concert.

Come give us attention we'll sing you a song,

Vive la compagnie. Its not very funny, its not very long

Vine la, vive la, vive l'armour; Vive la. vive la. vive l'armour; Vive la, vive la, vive l'armour; Vive la compagnie.

Our little town Ribstone is not to be scorned Of all kinds of men is its populace formed.

Of La'gustus L. Pound we're proud to call mayor. At sports and at pastimes he's sure to be there.

On Clasper, our barber, one verse will be spent, His profits are great. They're 200 per cent.

For Justice of Peace. on Teddy Smith we depend, With his pen and his typer he makes a good friend.

At Queen Anne House the travellers call. If they don't act right, she starts to bawl.

A popular citizen, Chinaman Jim, If you come in the night you'll always get him.

If you have any letters or parcels to send, On Mr. Hampo Dallyn you can depend.

If you need brushes of every kind, Just go to Herb Dallyn, the best you'll find.

Our local machine man, Mr. Dick Wilde. When supplying your wants he never gets riled

Round, jolly and hearty is Mr. Jack Phip. He'es never too busy to help you a bit

A very good man is storekeeper Dell, He helps with all sports, concerts dances as well.

Some folks around Ribstone. I'm sorry to say, Aredead against dancing, you know very well.

Many others there are in this interesting town, But there's more on the program, so we'll sit down.

the more you'll want' Songs. Dialogues. Choruses, Comic Recitations and sptechmaking and a generally nappy crowd realized the expectations of all present at the Womens Institute on Friday night at Ribstone.

Mrs. L. McCrea made a genial and capable chairman. What are usually painful duties. Mrs. McCrea apparently transformed into one of pleasure. and with her program carried the evening off in interest and amuseleave feeling that a good time was East and North and should therefore had and that the evening had been enjoyably spent.

In her opening remarks Mrs. Mc-Crea tendered a hearty welcome to all present and then said a few words leading up to on behalf of which this Benefit Concert is given, to raise funds to purchase a musical insrtument for the Hall at Ribstone for community social events, and that this was the first concert.

The following artistes took part in the program: Ila and Ada Russell; Miss H. Walrath; Miss B. Dallyn; Miss H. Price; Miss J. Price; Gladys Mills; Bella McCrea; Mrs A. White; Mrs V. Dallyn; Mrs J. F Russell; Mrs R. Morisson; and Messrs E. Gregory. A. White, T. Dallyn; C. Heslop Leon Price; Don Martin; H. Maib; T Maib; T. H. Smith.

A dance followed at 11 p.m.. Leon Price as master of ceremonies opened with the waltz "Some Girls Do And Some Girls Dont," thirty couples were son on the floor, and there was not an idle moment until the end at 4:30 a.m. Music was supplied by the Artland Orchestra.

PLEASE

\$2.00 \$2.00

The above dollar design is built up your obligations. of a number of \$2.00 marks, with a few "Paid" replacing the \$2.00 signs.

Each \$2.00 mark represents a one year subscription which remained unpaid on Saturday February 2nd 1924

Each "Paid" signifies that a reader ha brought, or sent, in a year's subscription since the publication of our advertisement two weeks ago

Rural subscribers have had plenty of time to call in at our office and pay. Those who are not going to town are asked to mail their renewals. We must have this money to meet payments on our machinery, and we must have it quickly

Next week we hope to be able to replace many more of the \$2.00 signs by "paid." This can only be made possible by readers sending in their \$2.00.

Our good friends, the Linotype Co., and other supply houses, the local bank and others have kept our credit good, in anticipation of our meeting our obligations. We have given you a good paper each week expecting you to pay

That's the simple truth of the matter.

If we were bankers and had \$600 or so to invest we know where we could get good interest on this money. Instead of this we have lent this sum to readers-without interest-and paying overdue interest on our obligations. This is losing money both ways.

We again ask each subscriber to read the number on his label. If this reads "504," or alower number, your subscription is now due. To find out how many weeks your subscription is past due; deduct the number on your label from 504. Thus if your paper reads 489, you are 15 weeks in arrears.

It has been a pleasure for us to give all the assistance in our power to our readers by giving them time until both the harvest and car shortage period lasted, and having done "our bit" we now ask you to do "your bit."

This big dollar sign will be published several times during the next few weeks. We will cut out one figure for each 'year's subscription paid—May we have the opportunity to cut out your \$2.00—Will you help us now to this extent.

HARK YOU

It is reported that the Rothermere interests of England, which re-cently acquired a large block of timber land in the Manicouagan River Basin, have headed a syndicate which will spend \$16,000,000 in crecting pulp and newsprint manufacturing plants near Quebec city With this news comes the announcement that the St. Regis Paper Company will build a \$4,000,000 plant near the parish of St. Augustin, a suburb of Quebec.

Records compiled by the Bureau of Railway Statistics in Chicago show how greatly the cost of railroad equipment in North America has increased in the past sixteen years. Since 1907, these figures show, the cost of heavy freight locamotives has risen from \$16,243 to \$53,550 each; passenger locomotives from \$16,057 to \$66,200 each; pas-senger coaches from \$7,330 to \$28,-900 each; freight cars from \$700 to \$2,301 each; and steel rails from \$28 to \$43 per ton.

CORRESPONDENCE

Chauvin, Alta. Feb. 1.1924.

Editor Chauvin Chronicle,

Chauvin, Alta. My Dear Sir:

I would like to address the taxpayers of the Ribstone Municipality through the columns of your paper. These are trying, troublesone times. The farmers of this district, in common with the farmers of other parts

are carrying a fairly heavy load of discouragement, caused by high expenses and low receipts. Better days are on the horizon of our future, but. it will take stout hearts to plod on through the slough of economic uncertainey to those better days. unless. we can unload some of the load of discocragement we are carrying.

I could fill a page with quotations. highest financial authorities in the country, Sir Vincent Meredith, Bart., Offices: Chauvin, Irma & Wainwright President of the Bank of Montreal, calves in that short time. At 2 years

> I make no apology for stressing again the desirability, one might even say the imperativeness. of moderating public taxation. federal, provincial and municipal, in order to lighten the load pressing upon business and deterring the development of resousces The margin of profit in all business is seriously curtailed by the accumulation of taxation, a condition that retards enterprise and discourages thrift'.'

Those who have been instrusted with the administration of affairs for this municipal distrct, have allowed the municipality to slip from a strong financial position, to one far from desirable. Most of this slide occurred during 1921 and 1922. In 1923 the relations between income and expenditure has been better, but other parts of the administration, has been far from good.

Let me prescribe a remedy:

First: Reorganize the council. Second: The council as reorganized, to cut expenditures, also expenses, to the bone, doing only repair work on roads. Administration costs, also, to be reduced. If this prescription is faithfully carried out, with taxation

as usual, a surplus will accumulate. can be reduced and we will be moving in the direction of lower taxes.

At this point let me say, that our only hope of lower taxes is less debt and less expenditures. You can postbe met by taxation.

Milne is the proud owner of a grade Hereford cow. five years and nine months old, that has had eight in his annual address to shareholders, old she had twins, at 4 years old she had twins, at 4 years old she had twins; and, being farrow for a season at 5 years and nine months old she again had twins-eight calves in all. This is prolific breeding; and when we are told that this particular cow is of the beef type, then her record is that much more enviable. Can any of our farmer readers beat this record? We have doubts.
